November giveaways

The best things in life are free...enter our giveaways this month and find out why

1/ STAR GIVEAWAY

What an experience!

Studying for exams can be difficult and stressful at the best of times, but with winter now well and truly upon us, it can be a tough time for even the most motivated part qualified accountant.

Nicholas Andrews, one of the leading UK accountancy recruitment agencies, recognises this and has teamed up with Pass to offer one lucky reader an Experience Day voucher from Virgin Experiences, worth £99.

Experience days are one of the greatest gifts on the planet, allowing you to escape the reality of every day life...there's everything from driving and flying to relaxation and pamper days. The vouchers are packaged in a funky folder with disposable camera to record your experience, along with a special brochure detailing choices to be made.

So whether you want to be travelling at high speeds, experiencing the thrill and excitement of living life on the edge or simply relaxing with friends in a tranquil atmosphere, indulging yourself, there is something for everyone.

If you are not lucky enough to win this time, you can still experience a quality recruitment service. All you need to do is contact Nicholas Andrews by logging on to www.natf.co.uk which is not restricted to just one reader!

Fancy a few beers?

Innovative. Different. Better. These were the words spoken earlier this year as the ICAEW presented Karan Bilimoria CBE DL, founder and chief executive of Cobra Beer, with its Outstanding Achievement Award for 2005.

Karan, the chartered accountant turned entrepreneur, founded Cobra Beer just fifteen years ago and has created one of the fastest-growing beer brands in the UK.

To celebrate, Pass has teamed up with Cobra to offer one lucky reader a case of Cobra Premium lager and a case of delicious Cobra Lower Calorie/ Lower Carb- so now you can stay in shape and still enjoy a great tasting beer!

Cobra Premium Beer is a full-flavoured, premium lager that is specially brewed using only the finest natural ingredients - a unique blend of barley malt and yeast, with maize, hops, and rice - to be extra smooth and less gassy.

With its bold design and innovative embossed bottle, telling the Cobra Beer story about how this premium beer has become one of the UK's favourites, Cobra Beer is a truly exceptional premium lager.

For more information on the beer, visit www.cobrabeer.com

Younger looking skin naturally

Eyelid drooping, drooping, and an asymmetrical smile are just some of the reactions women are risking with expensive, cosmetic injections, in the quest for eternal youth.

Now, there is an alternative. Australian manufacturer, Skin Elements, has just developed Natralox. This anti-wrinkle cream is made completely from naturally sourced ingredients. Free from harmful chemicals, this is the healthy choice for great looking skin, and we have 10 to give away free to Pass readers.

Natralox is said to smooth existing facial wrinkles and delay the appearance of premature skin aging. One of its key patented ingredients, Argireline, is said to be scientifically proven to reduce the appearance of wrinkles by up to 50% in 30 days.

'Argireline, works in a similar way to Botox,' says a spokeswoman. 'However where Botox requires painful injections causing temporary muscle paralysis, Argireline is an inhibitor, gently and safely relaxing facial muscles.'

Natralox is available at www.planetblueshop.co.uk, selected health food stores, pharmacies and beauty salons throughout the UK, at a recommended retail price of £49.95.

4/ Game on

Ravensburger is a leading supplier of high quality puzzles, crafts and games and has a huge selection of fun and imaginative products for adults and children alike. Pass has teamed up with Ravensburger to offer five of each of the following games to readers.

- **Rush Hour** You are the red car and are stuck in traffic - surrounded by four big trucks and eleven other cars. Can you manoeuvre your way through the gridlock to escape the jam? This highly addictive game has won over 15 international awards.
- **Tipover** You'll flip over Tipover, the three dimensional mind challenge game that takes brainteasers to a colourful new level. The object is to get your Tipper playing piece from start to finish by tipping crates to create paths to the red crate. There's a catch; your Tipper can't jump over the empty grid spaces.
- **Amaze** Amaze is the hand held maze that changes as you play. Once you set up one of 16 different maze challenges the fun begins! As you follow the path with the attached stylus, you can clear the path by pushing the red bars to the right or left.
- **River Crossing** The perilous plank puzzle. Get the hiker across the river using the logs and tree stumps provided in each of the challenges. 40

different challenges and four levels of difficulty.

To view the entire Ravensburger range log onto the website at: www.ravensburger.com and click on the UK link.

5/ Gadget of the month

MobilePA – the innovative mobile email service

MobilePA is a new mobile email service from Sirenic which offers both business users and individuals cost-effective, secure access to email, calendar, contacts and other data in a variety of ways.

This managed service allows you to access and to respond to emails and data by voice, from the display on any data enabled mobile phone or PDA, as well as through a well designed web interface.

The service operates on all platforms, handsets and devices and Sirenic and Pass are offering five readers a one year subscription to MobilePA.

Through its unique Relevance engine functionality, MobilePA delivers a concise voice message or one-screen synopsis of your most important email, your calendar and the news relating to your interests, while its search capability allows you to search for items within seconds.

It has the capacity to store up to 10,000 emails, so you can retrieve archived email and other data as and when you need it.

MobilePA empowers mobile employees to be more productive and makes businesses more competitive. The enterprise version, with its potential for integration with company intranet and CRM systems, enhances this productivity further as users have access to the information they need for meetings and customer enquiries while out on the road.

There is no upfront cost, no software to install and no long-term commitment – just a low subscription cost from just £10 per month.

For further information, log on to www.mobilepa.com
